EDUCATION

University of Florida

Bachelor of Science: Computer Science & Digital Arts and Sciences

University of Florida Honors College – **GPA: 3.81**

May 2027

Gainesville, Florida

PROJECTS

Gator Marketplace | *React, Vite, MongoDB, Auth0, CSS, Javascript*

- Built a full-stack marketplace using React, MongoDB, Auth0, and Vite with the goal of providing UF students a safe and convenient platform to buy, sell, and trade items within their campus community.
- Designed the React frontend with Figma-designed components and CSS styling to deliver seamless navigation.

Aetherion: 2-D Platformer | *Unity and C#*

- Developed core mechanics, enemy AI, and level design for a 2D platformer in Unity.
- Executed creative vision by integrating original artwork, sound design, and dynamic lighting for immersive gameplay.

Culinara: Meal Planner and Pantry | *React Native, Expo, TypeScript, Supabase*

- Engineered a full-featured mobile recipe app using React Native and TypeScript, integrating Supabase for authentication and orchestrating dynamic CRUD operations for recipes and meal plans.
- Crafted interactive UI components, including modals, scrollable grids, and editable meal plans with grocery lists.

Legend of Zelda Temple | *Blender*

- Modeled and textured a video game-accurate temple in Blender, collaborating with a 3-person team.
- Applied HDR environments, unwrapping, and advanced interior/exterior lighting for realistic rendering.

INVOLVEMENT

Secretary

Hispanic Student Association (HSA)

April 2025 – Present

Gainesville, FL

- Directed the Webmaster in maintaining a Wix-based public site and React/Firebase member portal (points, voting eligibility).
- Oversaw the Newsletter Director and Assistant Secretary to coordinate communications, voting eligibility, and organizational records.

UX/UI Director

Society of Hispanic Professional Engineers (SHPE UF)

September 2024 – Present

Gainesville, FL

- Designed user-friendly website and mobile app interfaces in Figma for 300+ members, improving accessibility and usability.
- Created a “Contact Us” and “Executive Board Access” page aligning visuals with SHPE’s brand and enhancing navigation flow.

Mentorship Director

Hispanic Student Association’s Member Leadership Program

May 2024 – May 2025

Gainesville, FL

- Coordinated mentor-mentee matching for 40 students through a week-long recruitment series, fostering supportive and effective pairings.
- Planned monthly mentorship challenges to facilitate bonding between mentor/mentee pairs, promoting a culture of collaboration and growth.
